

## Location Condition Code Default Overview

### Overview

The Warehouse Management module Location Condition Code Default process provides the ability to set the default Location for a specific LIN/TAMCN, Stock Number, and Condition Code combination to be used during return processes.

### Navigation

WAREHOUSE MGMT > Location COND Cd Default > Location COND Cd Default page

### Procedures

#### Search for a Location Condition Code Default

One or more of the Search Criteria fields can be entered to isolate the results. By default, all results are displayed. Selecting  at any point of this procedure returns all fields to the default "All" setting.

- In the Search Criteria panel, narrow the results by entering one of the following optional fields.

**Instructions**

**Search Criteria**

Facility	All		Default Location	All
Default LIN/TAMCN	All	...	Stock Nbr	All
Location Type	All	...	Cond Cd	All
Default Container	All	...		

- Select . The results appear in the Location COND Cd Default Search Results grid.

		Facility	Location Type Cd	LIN/TAMCN	Stock Nbr	Item Desc	Cond Cd	Default Location	Default Container	Location Status	Freeze Location
		PARKING AREAS PARADISE PT	Issue	C11072F - GLOVES,MENS AND WO		GLOVES,MENS AND WO	A - Svcb(w/o Qual)	UI11100011 - ISSUE		ACTIVE	No
		PARKING AREAS PARADISE PT	Issue	C11202F - GLOVE INSERTS,COLD		GLOVE INSERTS,COLD	A - Svcb(w/o Qual)	UI11100011 - ISSUE		ACTIVE	No

1 - 2 of 2 items

## Add a Location Condition Code Default

### Navigation

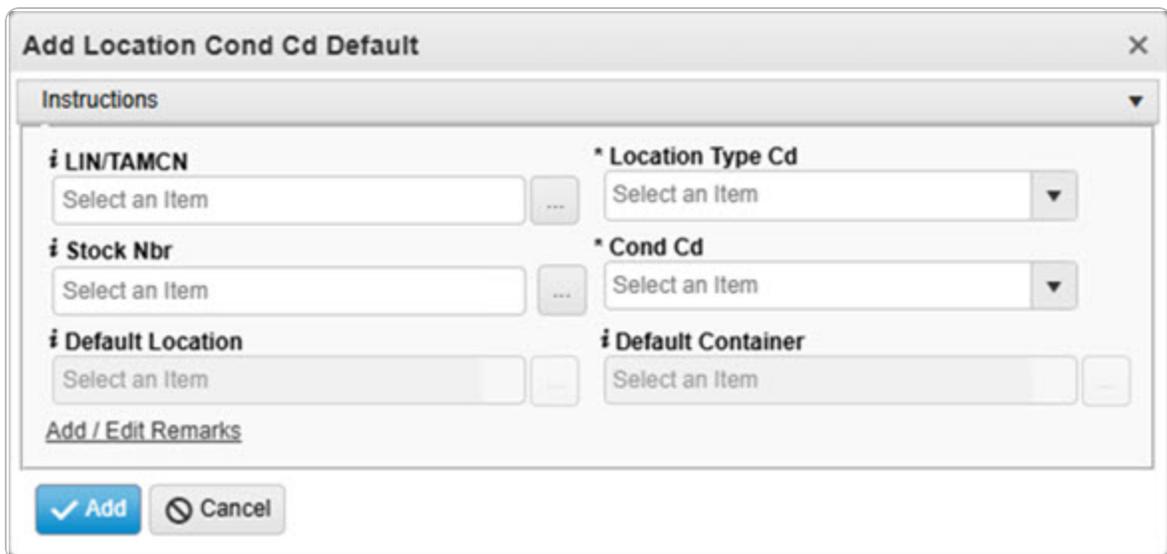

WAREHOUSE MGMT > Location COND Cd Default >  > Add Location COND Cd Default pop-up window

### Procedures

#### Add a Location Condition Code Default

Selecting  at any point of this procedure removes all revisions and closes the page. **Bold** numbered steps are required.

1. Select . The **Add Location COND Cd Default** pop-up window appears.

The screenshot shows a pop-up window titled "Add Location Cond Cd Default" with a close button (X) in the top right corner. Below the title bar is a section labeled "Instructions" with a dropdown arrow. The main area contains several fields:

- i LIN/TAMCN**: A text box with "Select an Item" and a dropdown arrow.
- \* Location Type Cd**: A dropdown menu with "Select an Item" and a downward arrow.
- i Stock Nbr**: A text box with "Select an Item" and a dropdown arrow.
- \* Cond Cd**: A dropdown menu with "Select an Item" and a downward arrow.
- i Default Location**: A text box with "Select an Item" and a dropdown arrow.
- i Default Container**: A text box with "Select an Item" and a dropdown arrow.

At the bottom of the form is a section labeled "Add / Edit Remarks" with a text box. Below the form are two buttons: a blue "Add" button with a checkmark and a "Cancel" button with a circle and slash.

2. Use  to select the Location Type Cd.
3. Use  to select the Cond Cd.

4. Select . The new Location COND Cd Default appears in green at the top of the grid.

## Update a Location Condition Code Default

### Navigation

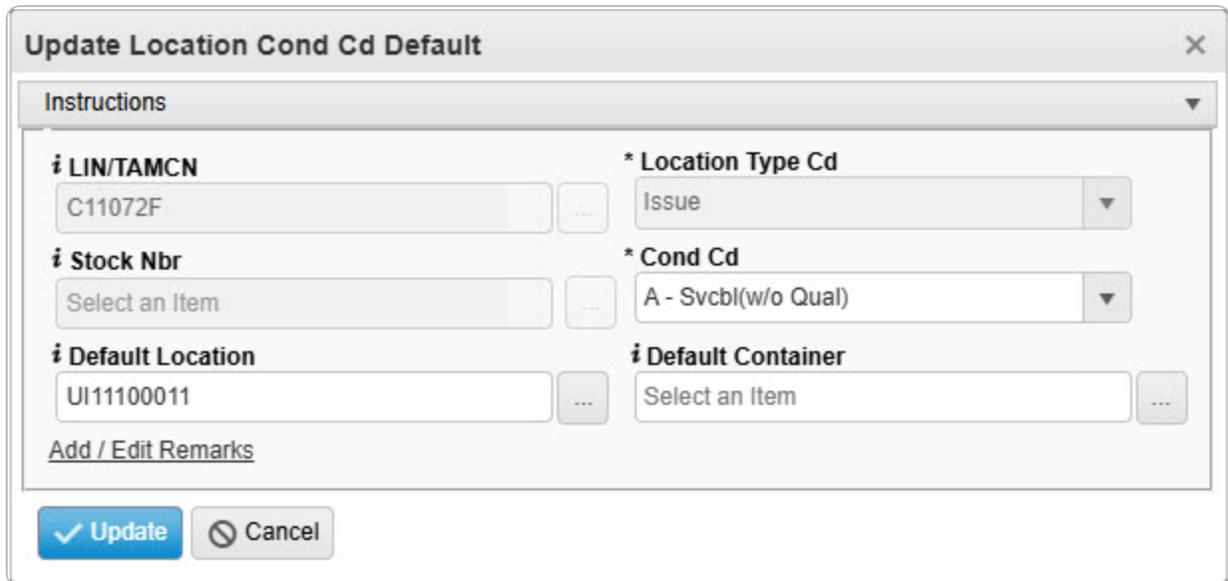

WAREHOUSE MGMT > Location COND Cd Default >  Edit > Update a Location COND Cd Default pop-up window

### Procedures

#### Update a Location Condition Code Default

Selecting  Cancel at any point of this procedure removes all revisions and closes the page. **Bold** numbered steps are required.

1. Select  Edit . The **Update Location COND Cd Default** pop-up window appears.

The screenshot shows a pop-up window titled "Update Location Cond Cd Default" with a close button (X) in the top right corner. Below the title bar is a section labeled "Instructions" with a dropdown arrow. The main area contains four rows of input fields, each with an information icon (i) on the left and a search icon (...) on the right:

- LIN/TAMCN**: Text field containing "C11072F".
- Location Type Cd**: Dropdown menu showing "Issue".
- Stock Nbr**: Text field containing "Select an Item".
- Cond Cd**: Dropdown menu showing "A - Svcbl(w/o Qual)".
- Default Location**: Text field containing "UI11100011".
- Default Container**: Text field containing "Select an Item".

Below the input fields is a link "Add / Edit Remarks". At the bottom of the window are two buttons: "Update" (with a checkmark icon) and "Cancel" (with a circle and slash icon).

2. Verify the Location Type Cd.

3. Use  to select the Cond Cd.
4. Select . *The revised Location COND CD Default appears at the top of the grid.*
