Connecting Intermec/Honeywell Printers to Windows 7 via USB
The following instructions are for all DPAS supported Intermec printers.

The Intermec/Honeywell InterDriver EasyCoder PD42 (203 dpi) - IPL driver has been tested and recommended for DPAS use. This driver will support all Intermec/Honeywell printers approved by DPAS.

Please visit the **Support** > **Software and Hardware** section of the [DPAS Support Web Site](#) for a listing of approved DPAS printers.
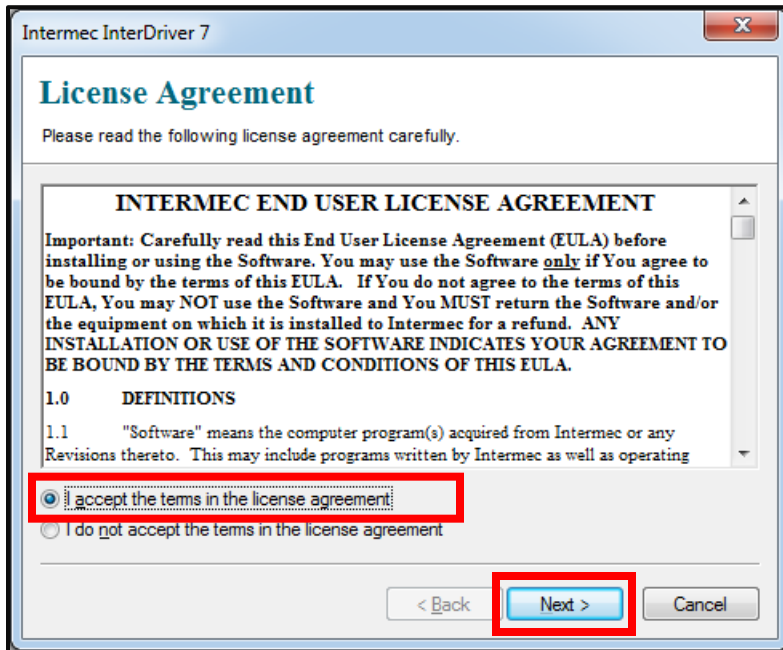

Downloading Driver Files

1. In your browser, navigate to **https://www.honeywellaidc.com/products/printers/software**
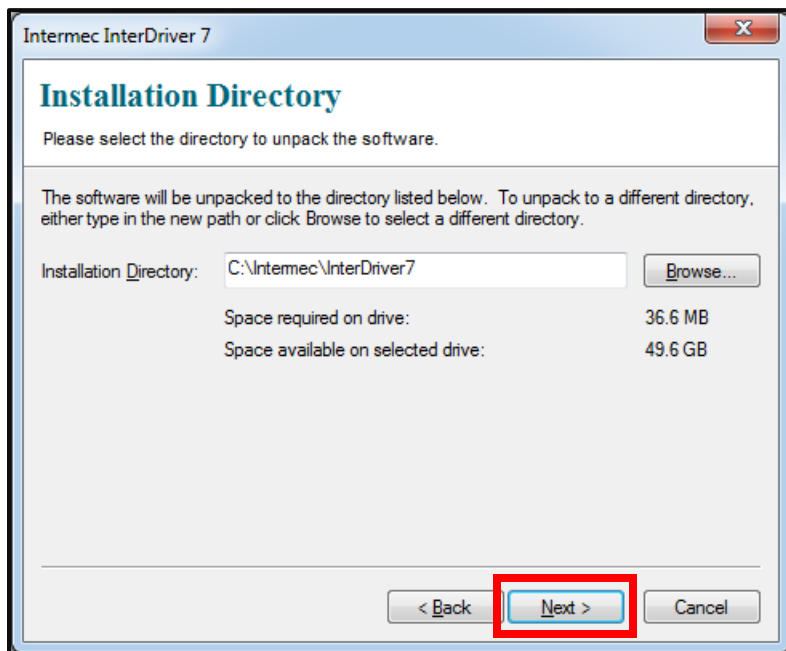

2. Choose **Run**.

3. If you receive a security warning, click **Run**.

4. Select the **I accept the terms in the license agreement** radio button and choose the **Next** button.

5. Leave the **Installation Directory** at its default and select the **Next** button.

6. Deselect the **Read installation instructions** checkbox and choose the **Finish** button.

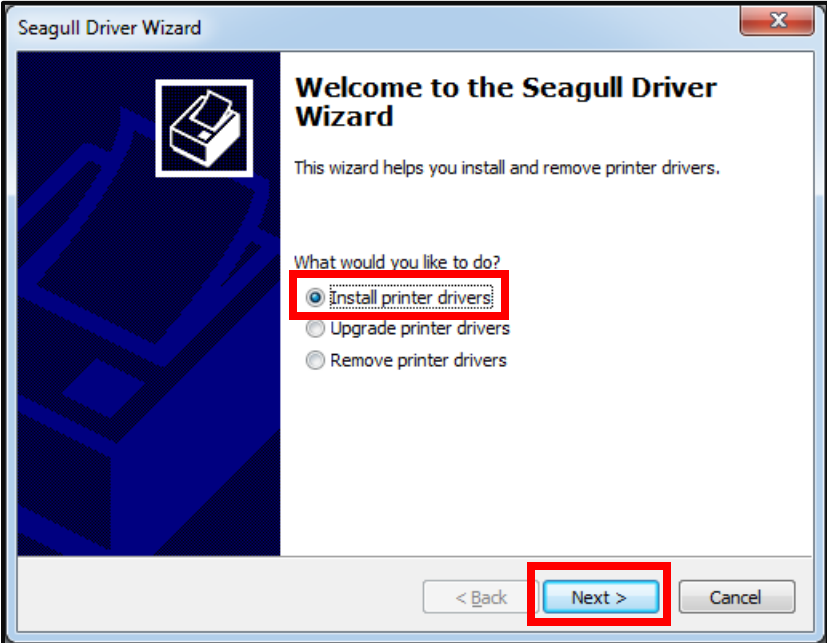

7. Once all files are installed, the **Seagull Driver Wizard** will display.

E-Mail: DPASSupport@Leidos.com
**Toll Free:** 1-844-843-3727

2. Select **EasyCoder PD42 (203 dpi) – IPL** from the **Printer Model** and choose the **Next** button.

3. Select the USB port the printer is connected to (usually USB001) and choose the **Next** button.
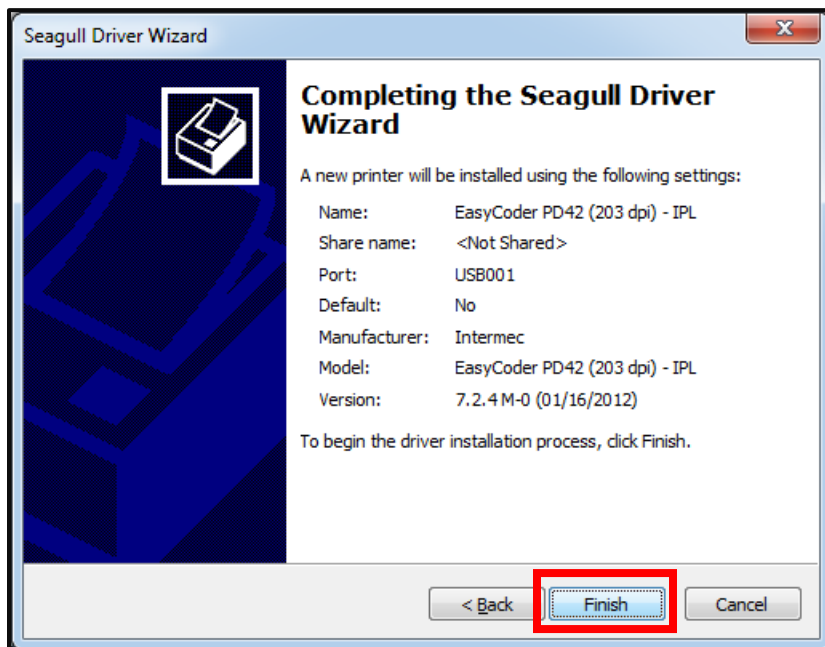

4. Enter a meaningful printer name or leave the default and select the **Next** button.

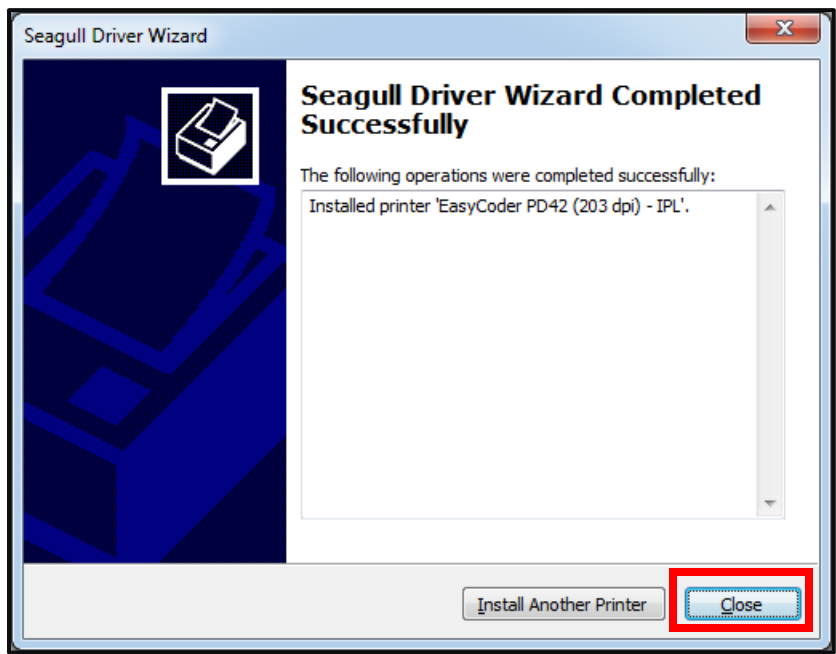

5. The drivers install.

6. Select the **Finish** button.
7. The driver installs.
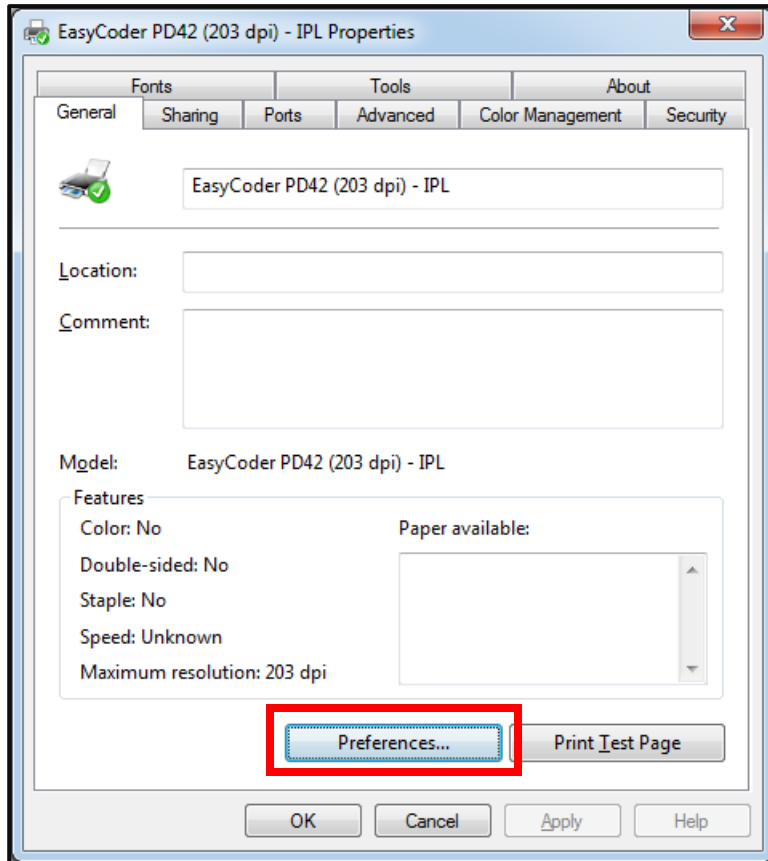

8. Select the Close button.

Configuring the Intermec/Honeywell InterDriver

1. Go to **Start** > **Printers and Faxes**.

2. Right-click on the printer name entered in the "Installing using the Seagull Driver Wizard" section and select **Printer properties**.
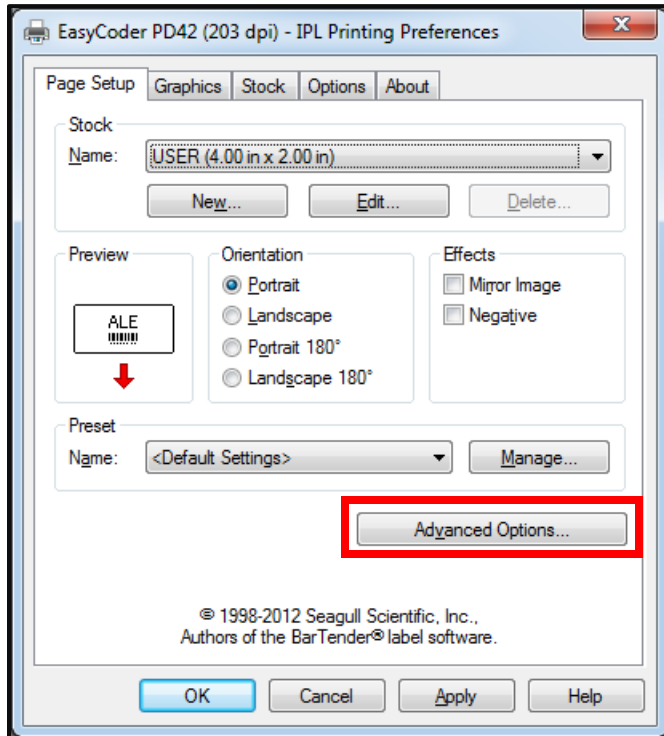

3. Select the **Preferences…** button at the bottom of the **General** tab.
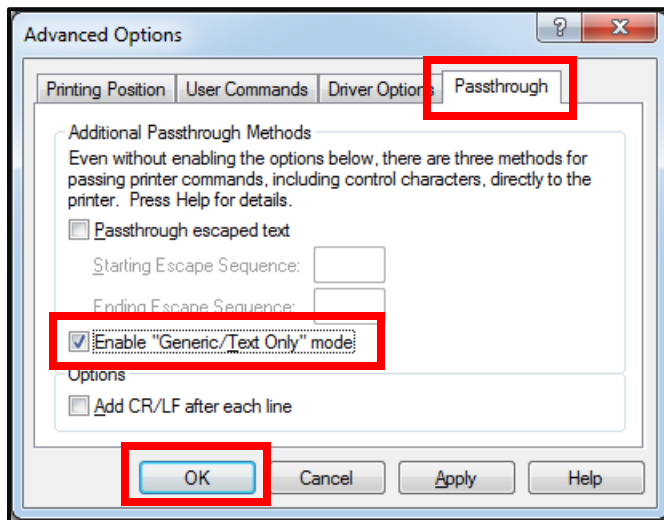

4. Select the **Advanced Options...** button on the **Page Setup** tab.

5. Select the **Passthrough** tab.
6. Select the **Enable "Generic/Text Only" mode** checkbox and choose the **OK** button.

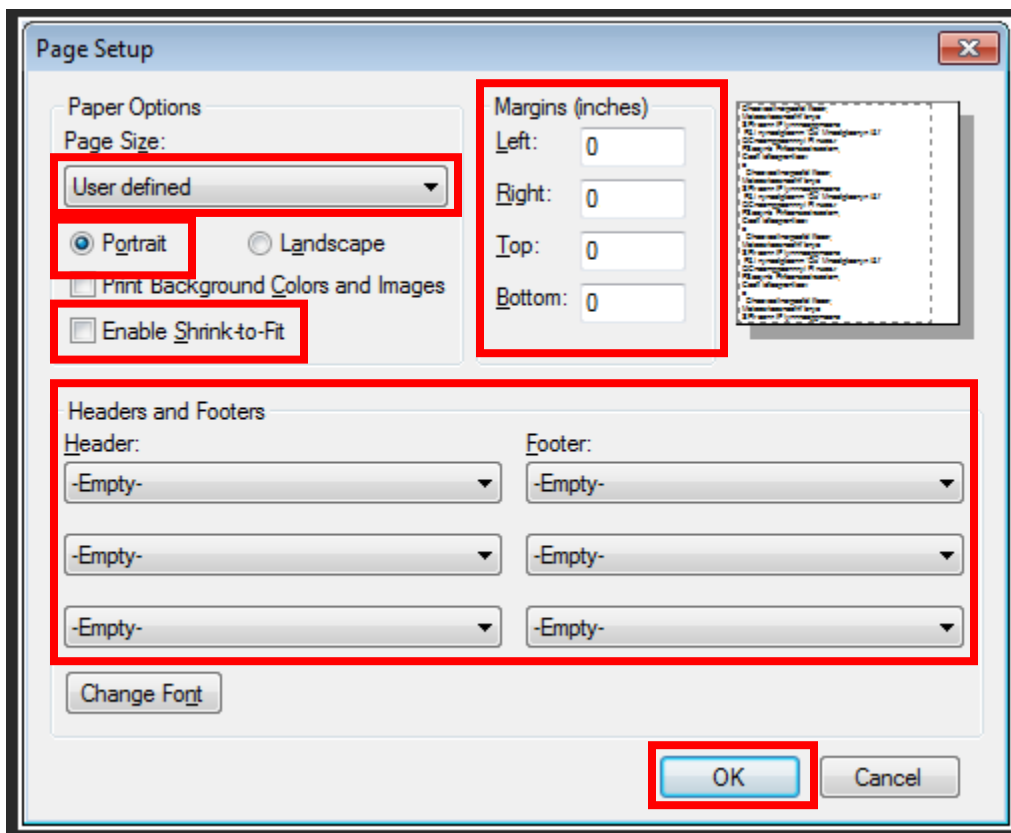

7. Select the **OK** button on the next two dialog boxes to complete the process.

Configuring Internet Explorer

1. Login to DPAS.

2. Navigate to **AIT** > **Print Labels**.

3. ***IMPORTANT*** Print a label from Web DPAS.

4. Select the **Print Menu** at the top of Internet Explorer.

5. Select **Page Setup**.

6. Verify the **Page Size** is set to *User defined*.

7. Verify the **Orientation** is set to *Portrait*.

8. Uncheck the **Enable Shrink-to-Fit** checkbox.

9. Change the **Left**, **Right**, **Top** and **Bottom** Margin settings to *0*. Margins may adjust after the **OK** button is selected.

10. Change all **Header** and **Footer** fields to *-Empty-*.

11. Select **OK** on the **Page Setup** dialog box.

12. You are now ready to print labels.
