This release includes corrections to program deficiencies identified by the user community. This update impacts Warehouse Management module.

Warehouse Management Module

Help Tickets

The following Warehouse Management Help Tickets were closed by this release:

Material Release Order (LPWHN35)

Help Ticket # 15930

- Corrected a deficiency where a Due In and MRO with the same Document Nbr were failing to process when the documents were related.

Requisition (LPMMN02)

No Help Ticket

- Corrected a deficiency that generated an incorrect requisition transaction qualifier for RIC addresses causing requisitions to be cancelled during the DAAS validation process.
