

DPAS MU Master Data Webinar – Post Report

In this Webinar we cover Master Data in the M&U module. Learn the basics of the M&U Module including; Roles, Bridging (PA) Module with M&U Module, and Many Master Data Processes. These include; Address, Contractor, Contract, Cert/License, Operator/Technician, Maintenance Teams, Equipment Pool, Dispatch Category, Dispatch, User Preferences and Maintenance Activity.

Presented by:

Michael Tucci, Technical Trainer

Q&A:

Lisa Peters, Training Manager

Recording Location:

Adobe Connect: <https://dpas.adobeconnect.com/p9si1l5tvhr2/>

Screenshot:

The screenshot shows a webinar slide with a blue and white background. At the top left is the DPAS logo with the text 'Defense Property Accountability System' and 'Support Team'. In the center is a computer setup including a monitor displaying a web application, a keyboard, a mouse, and a printer. Below the computer is the text 'Presented by Michael Tucci'. At the bottom, the title 'Maintenance & Utilization Master Data' is displayed in a large, bold font. The footer contains logos for the Office of the Under Secretary of Defense for Acquisition & Sustainment, the Office of Assistant Secretary of Defense for Sustainment/Logistics, and the Leidos logo.

Session Statistics:

Session Date	4/27/2021
Number of Invited Users	4347
Number of Users Registered	221
Number of Attendees	120
Number of Internal Attendees	5

Participant Questions and Answers:

Question: Is it mandatory to use the Longitude and Latitude check box for Equip Pools that have FAST assets assigned to them?

Answer: Longitude and Latitude is required for FAST however DPAS will automatically convert any address to the Longitude and Latitude for the FAST reporting.

Question: What is the reason for longitude and latitude as opposed to the zip code?

Answer: Longitude and Latitude is required for FAST reporting however DPAS will automatically convert the address w/ a zip code for FAST requirements.

Question: Are you going to show how to make sure that a vehicle bridges over from Property Accountability to M&U for life cycle?

Answer: In the beginning he went over screen shots on the Maint Group ID that ties to the stock number and how to add that group ID to the Maint Activity. In the Maint Asset Master (MAM) webinar that is on the support site has the bridging if you'd like to see more detail on how the bridge happens.

Question: I have to leave at 2 but it would be helpful to get those slides

Answer: the presentation can be downloaded in the files pod right above this QA pod... select the third file and download.

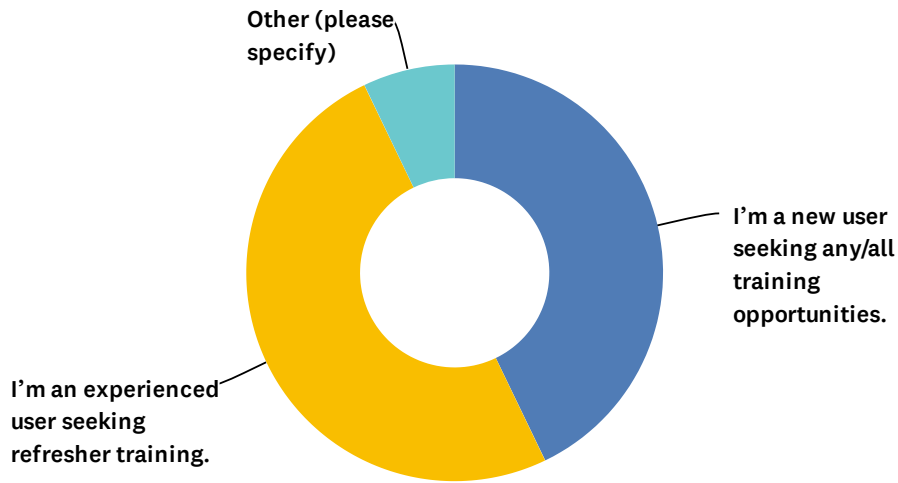

Question: is the presentation being record? it would be good to go back and review later

Answer: Yes the webinar is being recorded and will be available on the DPAS support site in the webinar archive within one week
