Participant Questions and Comments:

Question: How do we get a list of what ACCs are associated with the existing attributes/templates?

Answer: The initial list will be available on the DPAS Support Site

Question: I was looking at a vehicle the other day and the attributes area was there, but it was set values and I could not change them. Can we set up our own attributes template?

Answer: You will need to request the Columbus Application Administrator build a template, and assign the attributes you want to the template.

Question: What needs to be done to have the serial numbers printed out on this form (DD1150)?

Answer: We have remedy tickets requesting the serial number included in the description column.

Question: Where in DPAS do we get the DD1150?

Answer: It is available under the Forms/Reports - Generate Forms. It is available for generation after the custodian issue or turn-in has processed.

Question: If cost is added on a work order such as parts or labor will it hit this report (Vehicle Cost Accounting Report)?

Answer: Yes, cost added to Work Order, direct labor and parts cost, will be added to the Vehicle Cost Accounting Report.

Question: Does this incorporate the GSA vehicles?

Answer: Any of the vehicles that are in the M&U module are seen.

Question: A few slides back where he was showing direct cost (Vehicle Cost Accounting Report)?

Answer: Yes, direct cost.

Question: Can you generate a DD Form 1150 for transfers, too?

Answer: When a transfer is processed the system will have a DD1150 available to generate.

Question: Shouldn't the signature blocks be signed on the DD1150 prior to processing?

Answer: The system will fill out the information for the logistics process, you generate the form with the data filled in. Then the signature blocks will be available for completion.

Question: How about turn in to DRMO, can we use the DD1150?

Answer: That is one possibility.
