

DPAS Implementation Process Webinar – Post Session Report

Important updates from the DPAS Training and Support team. In this online session, DPAS Analysts will guide you through the Implementation and Data Conversion procedures and answer your questions in real-time chat!

Presented by:

Matt Winkelbauer, Analyst

Q&A:

Lisa Peters, Analyst

Recording Location:

DPAS Support Site: <http://dpasupport.golearnportal.org>

Open **Training / Webinar Archive** and find the webinar under the Updates and Announcements subject heading or search for the webinar title.

(note: this link will only play the newest webinar on this topic)

Screenshot:

The screenshot displays a professional presentation slide for a DPAS webinar. At the top left, the logo for the Defense Property Accountability System (DPAS) Support Team is shown. The central focus is a computer workstation with a monitor displaying a data-rich web application interface, a keyboard, and a mouse. To the right of the monitor is a large industrial printer. On the left side, a handheld rugged device is visible. The bottom of the slide features a dark blue banner with the text 'Implementation Process' in a large, white, sans-serif font. Below this banner, there are logos for the Department of Defense, the Property & Equipment Policy office (listing OUSD, AT&L, and ARA), and the Leidos company logo.

Session Statistics:

Session Date	07/20/2016
Number of Registered Attendees	121
Number of Internal Attendees	3

Poll Results:

Did you find the content in this webinar useful? – 47 Responses

Answer	Percent
Extremely Useful – I learned a useful technique or tip	55%
Somewhat Useful – This content was not new for me but is useful	32%
Not Useful – I did not learn anything new	11%
Other – I am providing a detailed answer in the chat pod	2%

How would you rate the presentation? i.e. Speaker, Format – 43 Responses

Answer	Percent
Excellent – I would highly recommend this presentation to others	49%
Good - I enjoyed this format and the interaction	40%
Okay - The presentation needed some improvement	11%
Poor - The presentation underperformed for me	00%
Other – I am providing a detailed answer in the chat pod	00%

What would you like to see covered in a DPAS webinar? – 01 Responses

Answer(s)

Additional inquiry lists for adhoc reports
Daily tasks, entering assets into DPAS, too much information at one time,
Dispatching hundreds of vehicles at the same time
Disposition
Example/Samples of actual submissions
how do i convert SWALIS database into DPAS
How to create UII's
How to manage component of end items, Currently the users cannot manage components , Wht?
How to support a GFP parent-child relationship in DPAS
I am going to speak with my supervisor about a site visit to train us in person
Inventory Management
more M& U.

RECEIVING

DPAS Implementation and Conversion Webinar Post Report

setting up project codes
Transfer of assets between UICs in DPAS
transferring items from one contract to another
Transferring property.
Warehouse Set Up
Work plans

Participant Questions and Comments:

Question: Is there a step by step guide or job aid?

* Jake(privately): There are instruction spreadsheets that go with each conversion spreadsheet that give a detailed description of how to fill in each column

Question: Can I remove columns on the data sheet or add columns if I have extra data to enter?

* Jake: No - the templates should not be changed. Changing the templates by adding or removing columns will result in an error during our validation process.

Question: Could you add a hyperlink in the column label that takes me to the field properties?

* Leidos DPAS 2(privately): At one point we had links and macros integrated within the spreadsheet, but the workbook file sizes became too large to send back and forth over email.

Question: I am currently a DPAS user for Property Accountability. Is this for new DPAS users only?

* Jake(privately): Yes this is for DPAS PA and M&U users looking to get some information about the conversion process

Question: What is Column E on the definitions workbook mean? (M/O/C)?

* Leidos DPAS 2(privately): Mandatory/ Optional / Conditional

Question: Once I complete the spreadsheets, what is the turnaround time to convert my data?

* Jake(privately): Right now we are on a 5 - 7 day turnaround. That changes depending on our workload.

Question: Jake, I am the current Configuration Manager of C4I Department at NAVSPECWARCOM. I would like to discuss a unique situation we may have for data conversion. Could we discuss offline in a separate telecon after this is over?

* Jake(privately): Sure - I would email myself or Matt and we can set up a time to discuss.

Question: Can you send email addresses to me at _____?

* Jake(privately): Done

Question: I heard you talk about sending out these Excel workbooks out to us. I would like to get a copy as well. Thank you very much.

* Leidos DPAS 2(privately): send us a good email address and we'll be in touch

* Leidos DPAS 2(privately): You can also contact us at DPASsupport@leidos.com to request the conversion and implementation spreadsheets. They will make sure you get through to the correct POC.

Question: Is there an effort to add Single Sign-on capability to the Elearning portal instead of using a password?

* JUSTIN STEVENS(privately): I am the LMS administrator, we are looking into this possibility, it entails connecting to the .mil disa server. Honestly, the capability will be a ways out, but it is being discussed and researched.
