**BRIDGING PA AND M&U**

4

2/23/2021

Bridging PA and M&U

- **M&U Setup in the PA Module Summary**
  - The following actions are completed in the PA module:
    - The Maintenance Group Id is assigned at the stock number level
    - The UIC/Maintenance Group Id is associated with an MA where work will be performed
    - All existing assets tied to the stock number will flow to the MA, as well as all new assets received using the stock number

5

2/23/2021

# MASTER DATA SETUP

9

2/23/2021

*Mandatory Processes*

Master Data Processes are the foundation for other M&U procedures.  
They must be created prior to completing other M&U tasks.
