Setting Maintenance Preferences

The screenshot shows the DPAS user interface. At the top, the DPAS logo is on the left. Below it, a red bar displays 'User Id: JCROOK Activity Nm: MAINT SAT1 Open Actions (61) ▲'. Underneath, a blue bar contains 'Maint and Util Property Accountability Supply Store'. A navigation menu below that includes 'Maintenance', 'Utilization', 'Master Data', 'Forms-Reports', and 'Inquiries'. At the bottom of the screenshot, there are two boxes: 'Message of the Day' and 'Date'.

To access your preferences, click the name of your activity.

Recording Utilization While Profiling

OUUSD (AT&L) Acquisition Resources and Analysis (ARA)
Defense Property Accountability System

9

12/12/2012

Maintenance Asset Master

Maintenance Asset Master (MAM)

- Asset and owner information is brought over from the PA module
- “Profile” the asset in the M&U module

OUUSD (AT&L) Acquisition Resources and Analysis (ARA)
Defense Property Accountability System

10

12/12/2012

DPAS *Profiling an Asset*

For an asset to record utilization:

- The Stock Number must have a compatible Util Measure Code (i.e.: Miles)
- The M&U Profile must have the Maint Mgt Cd set to either:
 - UTL – Utilization
 - MAU – Maintenance and Utilization

Fuel Usage can also be configured while profiling
