Session Statistics:

Session Date	01/07/2016
Number of Registered Attendees	169
Number of Internal Attendees	4

Poll Results:

Did you find the content in this webinar useful? – XX Responses

Answer	Percent
Extremely Useful – I learned a useful technique or tip	60%
Somewhat Useful – This content was not new for me but is useful	30%
Not Useful – I did not learn anything new	08%
Other – I am providing a detailed answer in the chat pod	02%

How would you rate the presentation? i.e. Speaker, Format – XX Responses

Answer	Percent
Excellent – I would highly recommend this presentation to others	37%
Good - I enjoyed this format and the interaction	41%
Okay - The presentation needed some improvement	14%
Poor - The presentation underperformed for me	03%
Other – I am providing a detailed answer in the chat pod	05%

What topic would you be most interested in for a future webinar? – XX Responses

Answer	Total Sel.
Asset Dispositions	24
Asset Receiving	23
Asset Transfers	21
Asset Updates	23
CIP	5
DPAS Security/Roles	5
Government Furnished Property (GFP)	16
Inquiries	21
Inventory	27
IUID – in Depth	8
Maintenance and Utilization(M&U)/Dispatch	11
Maintenance and Utilization(M&U)/Work Order	16
Maintenance and Utilization(M&U)/FAST	13
RFID Basics	6
WAWF	9
Warehouse Management Module	16
OTHER - I am providing a detailed answer in the chat pod	2

Participant Questions and Comments:

Question: will the request process leave DPAS and pass to another source of supply?
* Leidos DPAS 2(privately): pass to another interface ?

Question: Yes, such as an Army interface to LMP or to DLA for items they manage?
* Leidos DPAS 2: No, individual issue does not reach outside of DPAS for items. It pulls the issued items from the Warehouses inventory to be issued to the member.

Question: The warehouse must be managed within DPAS?
* Leidos DPAS 2(privately): Correct

Question: Thanks!
* Leidos DPAS 2(privately): You're welcome

Question: Will removing the C/C A issue restriction apply only to SK&O's or to all types of issues such as end items?
* Leidos DPAS 2(privately): Jake is answering your question now. They removed the C/C A restriction

Question: are there instruction guides specifically for building kits in the warehouse?
* Leidos DPAS 2(privately): In elearning there are instructions on how to build kits

Question: Please correct my First Name in your records. It is Michael not Mixheal. Thank you.
* Leidos DPAS 2(privately): Will do!

Question: Thanks!
* Leidos DPAS 2(privately): You're welcome

Question: For future consideration: Presentation moves entirely too fast. Perhaps more time allotment is warranted to "cover" the items.
* Leidos DPAS(privately): We understand that we were moving very quickly. This webinar was intended to cover all the new functionality from a high level. Future webinars will be focused on one or a few small processes and will be much slower and more detailed.

Question: Is it possible to run the M&U module without the warehouse? If so, do you need the Warranty module as well?
* Leidos DPAS 2(privately): Yes you do not need the Warehouse in order to get the M&U module. Warranty is optional with in the M&U module.

Question: When do we get access to the Warehouse module
* Leidos DPAS(privately): n order to get access to the warehouse application you must submit some paperwork as well as take the required eLearning for the role requested. For more detailed information about your specific circumstance please call our help desk 1-800-THE-DPAS

Question: How do we submit the answers for the survey questions.
* Leidos DPAS 2(privately): Just select the radio button on screen.

Question: If asset is not checked as accountable asset, will it be considered FIAR compliant?
* Leidos DPAS 2(privately): What process are you referring to?

Question: Any timeline on having history of transactions available?
* Leidos DPAS(privately): at this time there is no timeline for history transactions. Its possible there will be in the future as we start getting a larger volume of transactions to store, but at this time there's no time limit.

DPAS Release 3.2.00 Webinar Post Report

Question: Did 3.2 change the functionality of SKO configuration? Specifically, even if a SKO asset has no components where Required for Complete Kit = True, but the header is a comp of kit, does DPAS require all components to be received in order to have a Condition Code above G?
* Leidos DPAS 2(privately): Jake is answering your question on the line

Question: I was not able to hear the audio. May be due to equipment here, but would suggest that a dedicated voice line (phone conference call number) be scheduled to support the demos in the future. I believe that would ensure all participants could hear the presenters. My role is not as a user, but as a requirements manager for AMC, I will be reviewing the changes to gain a better understanding of the funcitonalities within DPAS. Thanks for your support.
* Leidos DPAS 2(privately): Thank you for your suggestion. The webinar will be posted to the dpas support page and you will be able to stream line the webinar. https://dpassupport.golearnportal.org

Question: New to DPAS...is the DPAS support link in DPAS to sign up for the FEB 10 Parts Mgmnt. seminar ?
* Leidos DPAS 2(privately): Yes you can sign up on the DPASsupport page https://dpassupport.golearnportal.org/index.php/training/overview

Question: what improvements to system since the latest release?
* Leidos DPAS(privately): This webinar was intended to cover all the improvements/changes since the last release. We've also added the 3.2 Release Notes to the webinar Download Pod (and its also available out on the DPAS Support site) which will cover in detail what we've put in the release.

Question: How do we close the survey page when completed?
* Leidos DPAS 2(privately): You don't have to close it they are automatic. You can just close out of the webinar

Question: Thanks guys !
* Leidos DPAS 2(privately): You're welcome

Question: would like to see webinar on inventory from start to finish in DPAS and how it transfers to an accountable record like Stock control system?
* Leidos DPAS 2(privately): Can you vote for inventory in the survey please.

Question: Thank you
* Leidos DPAS 2(privately): You're welcome

Question: Thank you for the explanation. Perhaps that caveat where 1 component must be required is what's throwing us off. We'll look into it. thanks again!
* Leidos DPAS(privately): No problem. Give us a call if you need.

Question: Will do. Thanks
* Leidos DPAS 2(privately): You're welcome

Question: Thank you
* Leidos DPAS 2(privately): You're welcome

Question: we missed over half the web seminar is there anyway we can see it again so I can show this too my coworkers
* Leidos DPAS 2(privately): Yes it will be downloaded to the dpas support site within a week.

Question: we thought it was 1300 our time and failed to see it said eastern time
* Leidos DPAS 2(privately): No problem. We will have the webinar posted to the dpas support site within the week. https://dpassupport.golearnportal.org
